## Behind the Screen..

We never see who is behind the screen of Secure Engineering. A dynamic enthusiastic hard working man, who cares most about the employee before he cares about himself. It is Eng. Faisal Al Qahtani! He had established Secure Engineering since day one. His care, support and efforts are shining behind the screen. His enormous support and efforts made Secure grow rapidly. He also takes the time to talk to the employees and listen to their needs. He comes with new methods that improves and enhance the quality of the company.

Be sure, he is always there for us....behind the screen.

## Signing off Secure Integrated Management System

On Thursday 5th of March 2011 the C-levels and all Secure Department Heads including the process owners had gathered to sign off the policies and procedures. In addition, the Strategy & Performance Improvement Department had organised an official Kick-Off Meeting on 29th May at the Police Officer's Club to announce the official launch of

the Integrated Management System (IMS). At the end of the workshop all the Department Heads had agreed to communicate the IMS procedures and the QEHS policies to their team.

# Secure in UK

A committee from Engineering Project Administration (EPA) with one of Secure member and a group of students of BUiD's project Management visited University of Manchester in the first week of May 2011. The purpose of the committee is to strengthen the relationship with our Strategic Education Partners in the UK. Special programmes had been developed like exchange programs to introduce the Education Systems in both countries. Further, the committee had played a role to market Secure as a professional semi-government entity.

## Achievements..

Discounts could be offered in case of educational and training programs offered to SECURE professionals;

BUiD and SECURE would work closely on research based on higher studies i.e. PGD and PhD;

SECURE has been included in the list of BUiD partners for future development

# Caricature

# Most Wanted

**The** most wanted person this time in secure is Saeed Salem Al Naimi. Saeed is the IT Operations Officer, one of the main assets of the IT Department. Saeed is a caring person who feels responsible all time to help his co-workers. He is a hardworking employee with an awesome smile that affects the mood in a positive way.

Saeed “Keep your smile up”

*Great and Unique Individuals.*

## **How do you see the future of Secure?**

*Promising.*

## **Any advice to your colleagues?**

*Keep up with the teamwork.*

## **What do you find most challenging about secure?**

*Secure operates in a thriving economy with stiff competition from other firms in the field.*

# Teamwork

*“Coming together is a beginning, Keeping together is progress, and Working together is success”*

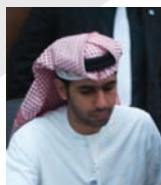

Teamwork is one of the key elements for achieving whatever is planned. It’s the spirit of success in any organization. Teamwork is providing help, support, and then wining situations towards a common vision. It has the ability to direct individuals to accomplish organizational objectives and values that encourage certain positive behaviours. Teamwork in Secure is one of its success factors towards world class engineering company.

## Congratulation Card

Eng. Hamad Al Asri
