Engineering L.L.C

## Environment Health and Safety Policy

It is the policy of Secure Engineering L.L.C to protect the health and safety of our employees, customers, and the public; and to conduct all activities in an environmentally responsible manner. In addition, it seeks opportunities to improve the local environment and the communities in which it operates.

This approach will generate and sustain significant environmental, social and financial benefits, thereby contributing to its objective of sustainability.

Top management shall ensure alignment of Secure Engineering L.L.C's business strategies and its operations with this Environmental, Health and Safety (EHS) policy and confirm the commitment of Secure Engineering L.L.C to :-

- Conduct business in compliance with all applicable Environmental, Health and Safety laws and regulations and regularly assess the compliance of our operations against these requirements
- Develop and strive to achieve the set EHS goals and targets to maintain standard EHS Systems in support of this policy
- Provide sufficient resources, training, equipment and controls to assure a safe and secure working environment
- Strive to continually improve the EHS performance by utilizing cost effective proven best practices that protect employees and the environment, by focusing on air, land, water, natural resources and biodiversity.
- Ensure a safe environment and protect the health and safety of its employees and public through the implementation of this Environment Health and Safety Policy, which will be monitored through regular measurement on EHS aspects.
- Communicate with all stakeholders regarding EHS performance on regular basis

Saif M. Kaabi
